To Whom It May Concern:

I have the pleasure of recommending Brandon Lewis not only for his accomplished insurance claims expertise but even more so for his character and commitment to the well-being of others.

I have witnessed again and again his tireless diligence in facilitating situations that go above and beyond his scope of responsibility, all in the name of the betterment of others. He has a genuine concern for his colleagues, partners, clients, and associates, really anyone that operates in his sphere, and has, for me personally, successfully advised me on several business opportunities for which he's received no profit or benefit. He is a true professional whose business aptitude and dedication to others ensures success for all involved.

I look forward to working him for many years to come.
