

Brandon and team,

What a whirlwind dealing with many complex assets after Hurricane Harvey has been. I am truly happy that you and your colleagues were there to stand by our side as we navigated mitigation, insurance adjusting and reconstruction on planning. Your wise counsel, experience and steady hand was a big part of our resolving the claims favorably as fast as reasonably could be expected.

I hope to not need your services again any time soon, but it is good to know that you are there if we ever find ourselves in a complex insurance settlement again.

Best regards,

Jeff Linkin
